## Cleaning tips

**For a Quick Clean:**  
Simply wipe down with soap and water.

**For a Deep Clean:**  
Wipe on bleach and water solution with a clean cloth and let it sit on the lumber for a few minutes (this will not affect the color). Then, loosen any dirt and debris that may catch in surface grooves with a soft bristle brush; hose down to rinse.

**For a High-Power Clean:**  
Use a pressure power washer (not exceeding 1,500 psi) to spray off dirt and debris. Apply a bleach and water solution and scrub with a soft-bristle brush. Hose down to rinse.
