Cleaning Tips

For a Quick Clean:
Simply wipe down with soap and water.

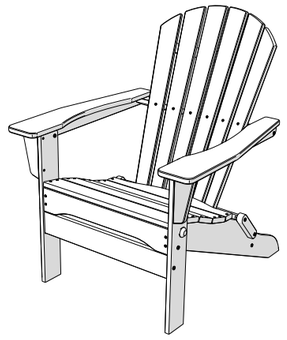

For a Deep Clean:
Wipe on ⅓ bleach and ⅔ water solution with a clean cloth and let it sit on the lumber for a few minutes (this will not affect the color). Then, loosen any dirt and debris that may catch in surface grooves with a soft bristle brush; hose down to rinse.

For a High-Power Clean:
Use a pressure power washer (not exceeding 1,500 psi) to spray off dirt and debris. Apply a ⅓ bleach and ⅔ water solution and scrub with a soft bristle brush. Hose down to rinse.
