

POLYWOOD®

Assembly Instructions

TSO34

Laguna In-Pool Chair

CAUTION!

Do not attempt to lift or flip products by yourself.

Products or components may be heavy or awkward to handle, and may result in injury to persons or damage to property if not lifted properly.

When In-Pool Products are placed on tanning ledges in swimming pools, holes in the products will allow water inside that will consequently make the chaise or chair more stable.

Please allow a few minutes for this process to be completed.

HOLES (A) ARE FOR DRAINING

DO NOT REMOVE THE WHITE PLUGS (B) UNDER THE CHAIR

FOR USE IN WATER

These products are suitable for use in or out of the water. Water depth should not exceed 9".

If the foot of the chair floats, it is probably due to the weight ballast having shifted inside the chair.

You must therefore (A) lift the chair upright by the backrest to (B) enable the weight ballast to move back to the foot of the chair.

5-Year Warranty

Great news! Your POLYWOOD warranty is already activated, no need to send anything in. Located on the bottom of each item is a sticker with a serial number. **Please keep this number for your records.**

Cleaning Tips

For a Quick Clean:

Simply wipe down with soap and water.

For a Deep Clean:

Wipe on $\frac{1}{3}$ bleach and $\frac{2}{3}$ water solution with a clean cloth and let it sit on the lumber for a few minutes (this will not affect the color). Then, loosen any dirt and debris that may catch in surface grooves with a soft bristle brush; hose down to rinse.

For a High-Power Clean:

Use a pressure power washer (not exceeding 1,500 psi) to spray off dirt and debris. Apply a $\frac{1}{3}$ bleach and $\frac{2}{3}$ water solution and scrub with a soft bristle brush. Hose down to rinse.

Thank You

Thank you for choosing POLYWOOD!
We hope your new furniture helps create a gathering place for you and your loved ones to enjoy for many years to come!

Did You Know?

Our long-lasting furniture is made using plastics that could otherwise pollute oceans and overwhelm landfills — and it can also be recycled when the time comes. Better for the planet, better for all.
